VOL X No. 5

U.S. MARINE CORPS AIR STATION, KANEOHE BAY, HAWAII

February 3, 1961

**FROM THE FOURTH** — Capt. F. A. Hart Jr. (right) Adjutant, 4th Marine Regiment, and donation drive coordinator, presents a cashier's check in the amount of \$610.92 to Brigadier Chaplain Cdr. A. R. Anderson at regimental headquarters on Jan. 30. Check represents donations made by personnel of the 4th Marines and component units for a \$2,000 1st Marine Brigade-sponsored window to be installed in the new Memorial Chapel at Quantico. Drive is still underway, with contributions from all units at MCAS now totaling \$1,115.92.

## FMF Hike, Corps Strength Top Items In '62 Budget

More Marines in the Fleet Marine Force and the retention of the current Corps strength are two of top items in the President's fiscal 1962 budget recently submitted to Congress.

According to a recent **NAVY TIMES** article, the Navy and the Marine Corps are in the budget for \$12.4 billion.

The article called attention to the fact that the Commandant's campaign to get more Marines into the Fleet Marine Forces should pay off big in fiscal 1962. The budgeted strength of the FMFs jumps more than 7,000 next year. It will get up to 100,848 from 93,390 this year and 89,965 last.

This means that the Corps will have all of the six battalions deactivated two years ago for lack of personnel back in business and up to strength by the end of next year.

The last of them, the 3rd Battalion, 4th Marines (Kaneohe Bay) will be reactivated in June. Two others, the 3rd Battalion, 1st Marines and 3rd Battalion, 9th Marines were reactivated during January.

## Dedicate K-Bay PMRR Building

The new \$280,000 Pacific Missile Range Representative Hawaiian Area Headquarters Building was dedicated yesterday by Rear Adm. Jack P. Monroe, USN, Commander, Pacific Missile Range, as a part of his annual inspection tour of PMR "down-range facilities," telemetry and missile impact locating stations.

Prior to the building dedication ceremonies Adm. Monroe scheduled a personnel inspection of Cmdr. A. W. Hayward's (PMR Representative) Administrative and Surface Recovery Force Unit.

year is up \$1.5 million over that estimated for the current year. In addition, an extra \$2.6 million for the current year is being asked as a part of a \$15 million supplemental appropriation request. In the supplemental is \$10 million for pay and allowances, most of which will go for the extra 6,000 personnel authorized after Congress went home, and \$2.3 million for their subsistence.

## Under New CMC Directive

# Brigade Commander Can OK Local Duty Tour Extensions

According to information contained in Brigade Order 1300.4, published Jan. 24, the Commanding General of the 1st Marine Brigade may grant extensions of overseas tours of personnel within his command. Previously, the extensions were acted on by the Commanding General, Fleet Marine Force, Pacific.

The Brigade Commander's authority is limited by the following:

"a. Action on requests must be completed five or more months prior to completion of individual's normal rotation tour date. Requests received or initiated after date that individual has five or less months must be submitted to Headquarters Marine Corps via this Headquarters (Brigade). (For Computing purposes, the first day of the month of normal rotation will be used in figuring the five month period.)

"b. Extensions will be limited to a maximum of one year.

"c. Officer personnel will submit request for extensions of overseas tours to Commandant of the Marine Corps (Code DFB) via this Headquarters (Brigade)." The order also sets the policy,

## Drive Ends February 15

# Health and Crusade Drives Passed Half-Way Mark

K-Bay personnel, both military and civilian, are reminded that the two concurrent fund drives now underway here have passed the halfway mark. The two drives are the Federal Service Joint Crusade and the National Health Agencies Fund Raising Campaign.

Activity chairmen for the combined drives are LtCol. R. V. Fridrich for the 1st Marine Brigade and Maj. R. M. Ryan for Station.

The drive for funds ends Feb. 15.

As in past years, the drive is utilizing the "keyman system" for the solicitation of funds from both military and civilian personnel.

Although no money figures were available at press time, both the Brigade and Station chairmen felt confident that the success of the drive would be boosted with returns after the Wednesday pay day.

It is requested that donors return their envelopes as soon as possible to their keymen. In the event that anyone has not yet received his or her envelopes, a call to unit chairmen will correct this. If you do not know your unit chairman, this information may be obtained by contacting the Brigade chairman (72782) or the Station chairman (72587).

There is no financial goal set in the drive. It is hoped, rather, that the campaign will show 100 per cent participation by all personnel. Agencies benefitting from the

Federal Service Joint Crusade are the American-Korean Foundation, Radio Free Europe and CARE.

Money collected in the National Health Agencies Fund Raising Campaign will help support the following: National Association For Retarded Children; American Heart Association; American Cancer Society, and the National Society For Crippled Children.

Donors may determine to

which of these individual organizations their money will go by marking their envelopes accordingly.

The twin campaigns are endorsed by the President, military commanders and federal department heads. These campaigns are held once each year to seek financial aid from the Armed Forces and civilian federal employees in the U.S. and overseas.

## During 1961

# More Promotions Due Top Enlisteds

Offering an advanced preview of coming "attractions," Headquarters Marine Corps last week indicated that new promotion policy highlights included increased enlisted promotions, a better break for career Marines and an end to technical tests as an advancement factor.

The discarding of the technical tests, according to the **NAVY TIMES**, was previously forecast when HQMC dropped them from the requirements for promotion. This feature was first brought before the Corps' "eye" when Gen. David M. Shoup, Commandant, issued his annual New Year's message.

A Marine Corps order on its way out will soon make it official.

Other highlights to watch for include:

• More E-8s and E-9s are scheduled to be made during the next fiscal year than there were this year — even though this year's crop was the largest in recent times.

• Promotion boards failed to fill all authorized billets this year because there weren't enough Marines in certain occupational fields from which to make a selection. These unused promotion slots, mainly at the E-7 level, will carry over into the new fiscal year, resulting in more numbers being made next time.

• The increased numbers of those who can and will transfer to the Fleet Reserve will help increase advancement spots.

The **TIMES** quoted a Marine personnel expert who said that time-in-service and time-in-grade are likely to continue to be prime promotion factors in making promotions to the top four pay grades.

## Capt. H. G. Miller Is Selected For College Program

A K-Bayite was among 37 officers selected this month for the Marine Corps college degree program. He is Capt. Henry G. Miller Jr., the officer in charge of MATCU-62 here.

He will leave about August to attend classes at the University of Omaha to study for his Bachelor of Science degree in general education.

Capt. Miller, first commissioned in October, 1954, has served here since November, 1958.

Capt. Carl F. Bergstrom of MACS-2 who was selected on a prior list, is due to leave in April for classes also at the University of Omaha. He will study for a Bachelor of Science degree in military science.

## POISONINGS THIS WEEK

In an effort to halt the increasing number of home poisonings of children, the **WINDWARD MARINE** recently, in cooperation with the Station Dispensary, began offering a "box score." In each issue we will report the type, number and total.

This week we report the following:

### BOX SCORE

Poison	Number
Aspirin	2
Liquid Vitamins	1
Witch Hazel	1
Paint Remover	1
Liquid Soap	1
Insect Spray	1
Paregoric	1
<b>TOTAL</b>	<b>8</b>

by the Marine concerned.

"(2) Only deserving cases will be forwarded to this Headquarters (Brigade). Personnel with record of indebtedness, disciplinary actions, or consistently low conduct and proficiency markings will not be recommended for extensions unless there are unusual and extenuating circumstances.

"(3) Those requests which will be forwarded to Headquarters Marine Corps for decision must contain sufficient information regarding the individual's desire and background to allow this Headquarters (Brigade) to make a definite recommendation. (Original and three copies are required).

"(4) Commanding Officers are enjoined to use this extension authority to increase reenlistment of deserving personnel in their commands. In this regard, if a Marine desires his overseas tour extended in order to reenlist he will be required to execute a two year agreement to Extend Enlistment. This agreement can be cancelled prior to the effective date when the Marine reenlists."

For additional information, consult Brigade Order 1300.4, published Jan. 24.

## HAPPY BIRTHDAY

Many a career man, entering his 20th year of service, begins making plans for retirement. Others don't; they're "goin' for 30." One veteran of WWII and Korea marks its 20th tomorrow, but isn't figuring on fading away—far from it! The United Service Organizations, Inc., still has a job to do and is doing it with the same brisk, cheerful spirit that millions of war veterans, in and out of uniform, remember.

True, the USO doesn't get the public accolades it won for itself in the war years when such show business luminaries as Bob Hope, Irving Berlin, Al Jolson, Marelene Dietrich and others sparked its troop entertainments. Bob's still going strong each Christmas, of course, as the sailors and Marines at Guantanamo Naval Base can tell you. But in the main, people outside the services are all too unaware of the year-round boost to morale in the Armed Forces, both at home and overseas, supplied by the USO's varied activities.

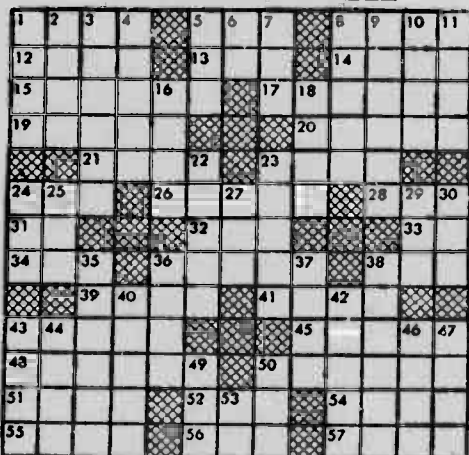

All the more reason, then, that we who know the score should salute this group of agencies — the YMCA and YWCA, the National Catholic Community Service, the National Jewish Welfare Board, the Salvation Army and the National Travelers Aid Assn. It is their unflagging efforts that keep USO clubs operating here at home and in such major leave cities as Paris, Rome, Naples, Istanbul, Casablanca, Tokyo and Seoul. It is they who keep troupes of "live" entertainment on the move wherever American troops are stationed overseas.

As for the unpaid volunteer workers who give generously of their time and energy to help the USO carry on — well, they rate a very special salute. Let's hope that service people everywhere don't keep mum about the great job this organization continues to do as it nears the end of two decades of service — happily, with no end in sight. The public deserves to know more about it. (AFPS)

## Chaplain's Corner

By Chaplain P. I. Ota

There is the story concerning a king's son who violated a command of his father, and as a result, his birthright and all the privileges thereof were stripped away. The son was expelled from the palace and told to provide for himself. While he was in the same province close to his father's abiding place, people recognized him and befriended the wayward son by giving him shelter and food. But as he wandered further and further away, no one knew him so he was not able to receive the kindness and charity of others. He had to sell what few possessions he had in order to eat. Then he joined shepherds working in the fields. He found he could enjoy the leisurely outdoor life among these people. And at last it appeared that he found a satisfying life, for he was able to forget his past pleasures and the fact that he was the king's son. But there was one thing he needed and wanted... a type of garment to protect him from the cold and rain. Because he was so poor, he could not afford such a garment and this caused him a great deal of misery.

One day the king was out riding in his country, as was the ruler's custom. For it was during these excursions that people were able to approach the king. When the people wanted to make a request, they wrote their desire on a piece of paper and dropped it into the king's chariot whenever the king went out into "the area". The lost son came with others to make his petition, which was a request for the needed garment. The king recognized the writing and was saddened to think how his son had fallen... in forgetting his royal blood, and that his only desire and need was that of a garment.

This story brings out something in our lives... when we forget that we are created by a Creator... when we fail to see what is really lacking in life. I wonder if some of us have forgotten that we are the children of God.

## 'Med' Standards Recently Revised

A revised and uniform set of medical standards for enlistment and retention in the Armed Forces has been announced by the Department of Defense.

The revision is the first major overhaul of medical fitness standards since WWII. It reflects advances in medical science and examination techniques. It is designed to minimize the number of individuals who must be separated for medical reasons during the early part of their military service.

Primary responsibility for administering the new standards has been delegated to the Army. (AFPS)

## 'Give For Health' You Choose

In the dual National Health and Joint Crusade Agencies fund drive now underway, the donor can earmark his donations.

In the National Health Agencies envelope, the giver can mark all or part of his gift for the following organizations: the American Cancer Society; the American Heart Association; the National Society for Crippled Children and Adults, or the National Association for Retarded Children.

When he gives in the Federal Service Joint Crusade envelope he can choose among the American-Korean Foundation, CARE, and Radio Free Europe (Crusade for Freedom).

**Cat's In The Dog House** — A Capehart family, returning home from an outing Sunday afternoon found a hairy crisis on its hands. Their cat had entered the dog house and had stuck its head through a two-inch, round air vent. Tabby couldn't go forward and couldn't back up, it just squirmed and meowed. A crow bar and saw were used to free the feline who suffered only a loss of neck fur in the ordeal. Moral: Curiosity can kill a cat, or—don't get in the dog house unless you are a dog.

**Transfer Time** — What with transfers continually changing the K-Bay "face" we were interested in a new gambit being tried at Parris Island by the Housing Office. The whole thing deals with control dates but goes something like this: The date an individual transfers from a station within the continental United States to Parris Island is the day he goes on the housing list. By the same token, a person transferring from outside CONUS—Hawaii for example—goes on the housing list with a control date coinciding with his date of arrival at port of entry. We also understand that Camp Lejeune has had this system in operation for some time. There are exceptions to the system but minor. It looks to us like a pretty good deal and should eliminate one heck of a lot of running around—hurrying to get to PI, etc.

**A Stop To The Bike Menace** — A friend of ours — long dissatisfied with the antics of kids on bicycles — decided to do something about it. Now, as he drives along, if he notices some dangerous riding practice that could possibly get a cyclist injured he, stops both his car and the youth, takes the youth's name and address — then calls the parent and points out the discrepancy! Says he: "Most parents are real good about it — they just never realized that their kids didn't know good bike etiquette."

**Want A Shocker?** — Check the poisoning box on Page 1 of today's issue — eight kids reported during the past week! One of the eight is even a repeat performer — took snail poisoning last month — aspirin this time! What's it going to be parents? We're bound to lose a child at this rate!

## Jackson College Courses Set; Tuition Fees Okayed

Officials of Honolulu's Jackson College this week announced a schedule of courses that will be offered beginning Monday and continuing through March 30.

The courses, which are available to local Leathernecks through the Corps Tuition Assistance Program, include Business Administration, Economics, English, History, Mathematics, Philosophy and Political Science.

Also Preprofessional Studies, Psychology, Religion, Sociology and Speech.

Registration for the three-credit-hour courses will be held

at the Station Education Office, Bldg. No. 221 on Monday and Tuesday from 1 to 4 p.m.

Local education officials indicated that while each course costs \$30, the Marine Corps, through the tuition program, pays all of the cost except \$7.50.

## Toastmasters Clubs Prepare For Contest

K-Bay's two Toastmaster clubs have started preparations to enter their best speakers in annual area contests that may lead to national competition.

The two local public speaking groups are the Officers Toastmasters and the Staff NCO Toastmasters. The latter group held its contest Wednesday night to select its top speaker for the Area 5 contest in March. Arthur Nash, Robert Harris, Glenn Gottwald, Daniel Dougherty, and John McConnell vied for the honor. Results of the speaking tournament ended with Nash the winner.

Candidates to represent the Officers TM Club in the Area contest will compete in a similar test within the next two weeks.

The winner of the Area 5 contest will compete against win-

ners representing the other five areas in Hawaii for the state championship. This competition will determine the Hawaii representative in the national contest.

Personnel interested in joining the K-Bay TM Clubs may contact Lt. J. R. Blackshaw (73165) or 1stSgt. R. E. Harris (72837).

## PI'S DI School Reduce Schedule

The Drill Instructors School at Parris Island has reduced its eight-week curriculum one week by eliminating some 48 hours of drill instruction.

This reduction in drill instruction was brought about by the Marine Corps' recent return to the LPM (Landing Party Manual) drill. Previously, the more intricate and complex eight-man squad drill was taught in the school.

The eight-man drill took some 118 hours of parade ground and classroom instruction, as compared to the LPM allotted time of 70 hours.

No other changes are planned in the course which was lengthened from five to eight weeks last September.

## Skydivers Record 500th Jump Here

The Kaneohe Marine Sky-Divers logged in their 500th jump at approximately 8:30 a.m., Saturday, Jan. 28, when LCpl. S. E. Zigoris made a 20 second free fall from a Marine R4D Transport plane flying at an altitude of 5000 feet.

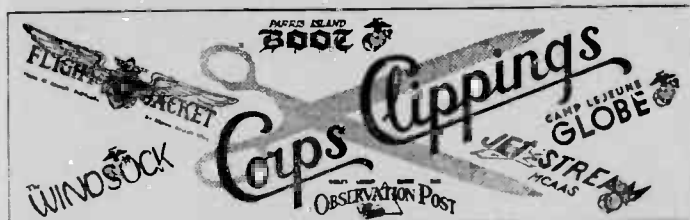

Worried about making this jump because it was his 13th—a jump most sky-divers would rather bypass—Zigoris stepped out into space not knowing that he was making the club's 500th jump.

The club was formed as a military Sky-Diving club in February, 1960, and has at this time 23 active jumpers and 27 men in training prior to making their first jump.

## FRA Auxiliary Unit Slates Feb. 9 Meet

The regular meeting of the Ladies Auxiliary Unit #174 of the Fleet Reserve Association will be held Feb. 9 at 7:30 p.m. in the Fleet Reserve Hut.

All members are urged to attend. Transportation can be arranged by calling Sue Van Beck at 253370 or Elsie Boyd at 252874.

### PI NAVY MAN PROMOTED THREE RANKS IN ONE JUMP

Being promoted three ranks at one time is a novel experience in any way you look at it. It happened to Lt. Fred C. Ulmer Jr. (MSC) USN, who was promoted from warrant officer W-3 recently. He hurdled the grades of chief warrant officer W-4, ensign and lieutenant junior grade in the process.

### SUB-TENDER GETS "FIRST" MARINE GUARD

The first Marine detachment ever assigned to a submarine tender has gone aboard the Proteus at Charleston, S. C., and will accompany the vessel to the nuclear submarine facility at Holy Loch, Scotland, when she sails from New London, Conn., in the near future. Operating out of the new U.S. base in Great Britain, the Proteus will service Polaris subs on Atlantic patrol duty. Commanded by Capt. J. C. Rappe, the 8-man Marine detachment boarded the Proteus at Charleston and is destined to stand guard over the ship's classified areas.

### CAPEHART UNITS FOR YUMA BEING CONSTRUCTED

Ground has been broken for the 60-unit, \$974,097 Capehart housing project at the Marine Corps Auxiliary Air Station, Yuma, Ariz. The project is being built to house key officer and enlisted personnel who are required to be on board or on duty at all times to ensure the operating efficiency of the station. There are 20 units for officers and 40 for enlisted men. Each house will be air conditioned with central heating; have an individual carport; a central TV mast and furnished according to tenant needs.

### NEW RADAR CENTER OPENS AT EL TORO

El Toro's \$4 million "skyscraper," Radar Air Traffic Control Center (RATCC), is expected to be activated in the very near future. The RATCC is a joint Federal Aviation Agency and Marine Corps project designed to make major inroads into Southern California's Air Traffic Control problems. The center will have control over instrument flight rule traffic operations to and from MCAS El Toro and the Orange County Airport.

### CHORISTER'S MEMORY PERPETUATED

Although the voice of Camp Lejeune's Pfc. Rolf Gordon Franks is forever stilled, the memory of the former 2nd Marine Division Chorus member will be musically perpetuated. As a memorial to their son, who died in a traffic accident near Wilmington, N. C. last November, Ambassador and Mrs. S. B. Lacy have presented an upright piano to the Marine Choral Group.

## Artificial Skin May Aid Burn Casualties

The Armed Forces stand to gain from encouraging experiments with a synthetic skin recently reported by the Veterans Administration.

Aim of the research, the VA said, is to save the lives of persons who suffer massive burns.

The material used is a combination of polyvinyl sponge and silicone rubber, which is rigid when dry but becomes soft, pliable and elastic when moist.

The VA said these synthetic skin grafts used in animals have been maintained for periods up to 104 days.

It works this way: As the graft "takes," the surgical sponge is permeated by tissue and firm ad-

herance can be obtained within a few days. The skin substitute can be made waterproof by application of a coating of silicone rubber.

When the area of skin loss from burns on a patient is greater than the area of his healthy skin available to furnish skin grafts, satisfactory treatment often is impossible, the VA said.

Problems resulting from burns, once survival of immediate shocks is insured, are from loss of body tissues and certain essential chemicals and from infection in the area of the burn wound. Covering these burns with any impervious material tends to aid the patient by preventing fluid loss and infection.

For these patients, doctors hope the inert synthetic temporary skin will prove life-saving. Skin grafts from other persons that have been tried as skin replacements for such patients in the past have in general failed to provide more than a very temporary and precarious covering.

## Three Prisoners In PTA Program

Three convicts from Oahu prison will visit the K-Bay Marine Corps Air Station Monday. They will address members of the Mokapu Elementary School PTA during the monthly meeting which begins at 7 p.m. in the cafeteria.

The convict trio will tell K-Bay parents how and why they got into trouble.

PTA officials are currently taking orders for "growth and progress" files which enable parents to keep a record of their child's development. The files are 75 cents each and will be available for inspection at the Monday night meeting.

The organization's final membership drive is underway. All Mokapu parents who have not already joined the PTA are urged to sign up now.

## Drive Aids Many Retarded Youngsters

"What will we call him?" is the biggest problem when most babies are born. But the parents of 300 children born each day in the U.S. face the fact that their baby is retarded.

Research has begun to find ways to prevent mental retardation. There is hope for America's five million retarded with your support of the National Association for Retarded Children.

"Give for Health" now through the campaign of your National Health Agencies fund.

## Two Reserve Colonels Are Selected For Promotion To Brigadier General

Marine Reserve Colonels Richard A. Evans of Lowell, Ohio, and Robert B. Bell of New Canaan, Conn., have been selected for promotion to brigadier general in the Marine Corps Reserve, Headquarters Marine Corps announced.

Col. Evans, a high school teacher, was commissioned a second lieutenant in the Marine Corps on July 1, 1936 and served in the Pacific during World War II.

Col. Bell, a graduate of Harvard

class of 1930, was commissioned in the Marine Corps Reserve on Nov. 21, 1935, and earned the Distinguished Flying Cross and five Air Medals for flying combat missions during World War II. The colonel is now Deputy Director, Pan American World Airways Technical Assistance Program, New York, N.Y.

Both officers will be promoted as vacancies occur.

## Copter-Transporting Defense System Set For Use By Marines

The Marine Corps has taken delivery of the world's first helicopter-transportable electronic air defense control system, Headquarters Marine Corps announced last week.

Developed by the Hughes Aircraft Company, the "Airtrac" system will co-ordinate split-second firing of Hawk and Terrier guided missile batteries at hostile supersonic aircraft.

The equipment is installed and transported in helihuts, portable plastic and aluminum shelters which are carried underneath a helicopter.

Capable of being placed in operation within minutes anywhere a helicopter can land, the "Airtrac" is designed to furnish tactical support to Marine ground troops by co-ordinating the firing of guided missile anti-aircraft batteries.

## ENLISTED WIVES

By Rose Marie Hayes

As the strains of Hawaiian music greeted members and guests the 19th Hole became the scene of island magic as the Buffet Dinner — Installation of the Enlisted Wives Club commenced.

Honored guests included LtCol. and Mrs. C. H. Moore, MSgt. and Mrs. Louis Maruchau, Pfc. Richard Stewart, and his date, Bonnie McFarland.

Everyone mingled and chatted while partaking of haole okole-hau; followed by dining upon delicious kau kau catered by the Enlisted Men's Club under the supervision of Sgt. Wm. Bishop and thru the tasty artistry of Sgt. James L. Lewis.

The installation ceremony was a touching candlelighted climax to the evening, with Mrs. Shirley Moore serving as installing officer for the newly elected officers: President — Mrs. Charles Ewart III, Vice-President — Mrs. Richard Steffens, Recording Secretary — Mrs. Jack Tackacs, Corresponding Secretary — Mrs. Art Dornath, Treasurer — Mrs. Neil Jenkins, and Sgt. at Arms — Mrs. Roy Delaney.

Mahalo to the Enlisted Club, Col. and Mrs. Moore, and to all those who helped to make this a memorable evening.

## COMMISSARY HOURS

Commissary shopping hours are: Tuesday-Thursday, 9:30 a.m. to 5 p.m.; Wednesday-Friday, 11:30 a.m. to 7 p.m.; Saturday 8:30 a.m. to 3 p.m. Closed Monday. Patrons are reminded that Thursday is considered a "slow" day at the Commissary and therefore usually an ideal day for shopping.

MARINE PILOT PRESENTED SPEED TROPHY FOR RECORD SET IN F4H-1 PHANTOM II

The General Electric Trophy was presented at New Orleans last Friday to a pair of jet pilots who claimed world speed records for the Navy in two individual events last September. The award has been made annually since 1953 for significant contributions to progress in military aviation. Sharing the trophy are Marine Lieutenant Colonel Thomas H. Miller, who piloted the Navy's McDonnell F4H-1 PHANTOM II to a speed of

1,216 mph around a 500 kilometer triangular closed course, and Commander John F. "Jeff" Davis, who flew the same type plane around a 100-kilometer closed course at a record 1,390 mph. Both speed marks have been submitted to the Federation Aeronautique Internationale in Paris for certification as world records. The 500-kilometer mark es-

Marine Division Group Announces New Scholarship Plans And Selection Method

The First Marine Division Association Board of Directors, has authorized the eleventh merit scholarship to be granted by the Association, Retired Marine Lt.-Gen. Lewis B. Puller, association president announced recently. Scholarship number 11, which will be named at a later date, will be granted on a competitive basis through the Merit Scholarship Corporation. Preference will be given to orphans of Marines. Information regarding this scholarship, or membership in the Association, may be obtained by writing to the Association, Box 84, Alexandria, Virginia. Of the 10 scholarships already awarded by the Association, seven have been granted to orphans or widows of persons who served with the First Marine Division. The remainder have been awarded on a competitive basis through the Scholarship Corporation.

The first of these merit scholarships was named in honor of former Marine Commandant, Gen. A. A. Vandegrift who first led the division in combat and who won the Medal of Honor at Guadalcanal. The second is in memory of Sgt. John Basilone who was awarded the Medal of Honor at Guadalcanal and was killed in

action at Iwo Jima. The third was named for the late Cpl. Charles G. Abrell, killed in action in Korea and posthumously awarded the Medal of Honor.

SGT. MAJ. PETERS

Retired General Receives Award

The Department of Defense Distinguished Public Service Medal was recently presented to Maj. Gen. Melvin J. Maas, USMCR (Retired). General Maas is chairman of the President's Committee on Employment of the Physically Handicapped.

Stephen S. Jackson, Deputy Assistant Secretary of Defense (Manpower, Personnel and Reserve), made the presentation at the Bethesda Naval Hospital, Bethesda, Md., where the general is recovering from surgery.

The award was made to Gen. Maas for his valuable assistance to the Department of Defense in the employment of the physically handicapped in the Department and in defense industry. Gen. Maas, former congressman and veteran of both World Wars, is blind himself and has served without compensation on the President's Committee since 1954.

Women Marines Sergeant Major

Another Marine Corps first was recorded last week at Headquarters Marine Corps with the appointment of Sergeant Major Bertha L. Peters to the rank of Sergeant Major of the Women Marines.

The formal appointment accompanied her promotion to E-9 rank during informal ceremonies in the office of the Director of Women Marines, Colonel Margaret M. Henderson.

Sergeant Major Peters is the first Woman Marine to be named to the post, established by the Commandant of the Marine Corps in April, 1960. She has been serving in the office of the Director of Women Marines since June, 1959, in the billet which has now been elevated to that of the Sergeant Major of Women Marines. Upon transfer, she will revert to her permanent rank of Master Gunnery Sergeant unless she is assigned to one of the two other Woman Marine sergeant major billets in the Corps.

Mobile Chest X-Ray Slated Later In '61

The 1961 schedule of the Mobile Photofluorographic (Chest X-Ray) Unit, announced recently, shows that Kaneohe Bay personnel will have to wait until late fall before the touring vehicle makes a stop here. According to COMFOURTEEN, the mobile unit will be at MCAS, Kaneohe Bay from Oct. 24 to Nov. 24 for the purpose of x-raying all personnel and dependents.

**GETTING THE JUMP** — Ben Klimas (18) Marine center, 6' 7", gets the opening tip from Leon Whittington (23) Naval Air (center) in the last regularly scheduled cage contest of the current season. Dave Studebaker (hidden behind Morry Crawford No. 10) grabbed the tip and streaked for a basket which put the Leathernecks out front to stay after five seconds of play. Marines won the game 79-50.

## Saturday Recreation Firing Proves Popular, Room For More Shooters

By SSgt. J. G. Kyser

The turnout at last Saturday's Recreation Shooting was one of the best in a long time, but we still have room for a lot more.

Those of you that are steady participants in the Recreation Shooting can add more fun to your shooting by joining the Rifle and Pistol Club and start shooting for NRA Pistol Qualifications. You might as well have something tangible to show for your time spent on the range and we will certainly be glad to have you as Club members.

The next regular meeting of the Rifle and Pistol Club will be held on Feb. 14 in the old club-room in building #576. Until such time as the renovation of our meeting place is complete, the club will continue to use Bldg. #576.

The general outline of activities for the forthcoming year will be presented to the membership as well as the proposed operating structure at the next meeting

Be sure and watch this column in the coming weeks for the latest up-to-date information regarding the big Rifle Match.

## Church College Sets Cross Country Run

The 3rd Annual Cross Country Run held by the Church College of Hawaii will be staged tomorrow starting at 1:30 p.m.

Individuals desiring to enter must contact their unit Special Services Officer. There will be no limit on the number of entries from each organization, however an entrance fee of 50 cents per runner will be charged.

This meet is AAU recognized with the cross country route to be set up by Church College of Hawaii for a distance of three miles.

Participants may check out track shoes, shorts, and shirts from Brigade Special Services.

## Four More Post-Season Cage Tourneys Set For Marine Five

While the regular season 32-game slate ended two weeks ago for the Hawaii Marines a total of four post-season tourneys are scheduled for the local hoopsters during the month of February.

Last night the cagers battled L. A. State here at Kaneohe. However, due to the WINDWARD MARINE deadline we were unable to report on this contest.

Tomorrow evening at Bloch Arena, Pearl Harbor, Coach Harley Grant's forces will take on the Golden Bears of California.

Both L. A. State and U. of Cal. will have played four games each against members of the Hawaiian Armed Forces Senior Invitational Basketball League at the conclusion of play tomorrow night.

Hawaii Marines, who copped their fifth straight League title this year, are the odds-on favorites to walk off with the crown in the Armed Forces Invitational ending tomorrow at Bloch Arena.

Next Thursday morning the Leathernecks will fly down to the "Big Island" to participate in the three-day Hilo Shrine Tournament.

Last year the locals took this championship for the fourth consecutive season and once again the powerful Marines from K-Bay will reign as the choice.

February 16-20 will mark the Pacific Area Championships.

In this playoff event the hoopsters representing the 3rd Division from Okinawa have made it known they want to challenge the Hawaii Marines for the title. No word has been received

from the 1st Marine Aircraft Wing in Japan as to their intentions.

During the Pacific Area Play-offs the local cagers are such heavy favorites that you can't find individuals to bet against "our boys."

Upon completion of the Pacific finals the Hawaii Marines will have one full week to rest before assuming the role of "host" for the All-Marine Basketball Tournament.

"The 'big one' kicks off at Bloch Arena Feb. 28 and will continue until March 4.

Teams having won the East Coast title and the West Coast championship will be entered in hopes of upsetting the Hawaii Marines' appellation.

Pending official word, favored to travel from the eastern shores will be Camp Lejeune while from the western half of the mainland will come El Toro.

Ending their regularly scheduled season with a 29-3 record the local Leathernecks will be tough to handle in all of the

four scheduled tourneys this month.

Our money is on the locals to go to the Inter-Service cage tourney at Lowry Air Force Base, Colorado, Mar. 14-16 to determine which service has the best hoopsters.

Following the Inter-Service games at Lowry AFB, Colo., each of the services are expected to enter a team in the Amateur Union games at Denver, Colo. Mar. 20-25.

When quizzed about the future tourneys involving the Hawaii Marines, Coach Harley Grant, modestly quipped, "we'll take on all comers one at a time, and play each game accordingly."

## Tryouts For HM Nine Continue

Tryouts for the 1961 Hawaii Marine Baseball team has been under way for two weeks at Riseley Field.

While the first cut has already been made, personnel are urged to "come out" and practice with the team in order that their qualifications may be measured by the coaching staff.

All necessary equipment should be drawn by the individual from his particular unit. Baseball and bats, however will be provided by FMFPAC for the sessions.

All practices get under way promptly at 1 p.m.

## LADY LINKSTERS

By Betty Spring

The nine-hole coffee held last Thursday proved a big success in spite of the weatherman's decision that no golf would be played due to rain.

Joyce Delaney (72447) was selected as our new nine-hole co-ordinate.

The girls in the nine-hole group voted to tee-off from the red tees in lieu of the white ones for future tournaments.

Jimmy Ukauka, the local club pro, will hold a golf clinic at 8:15 a.m. next Thursday at the Kaneohe Klipper Course for all interested women golfers.

The nine-hole ace-of-aces tournament will be played on the same day starting 15 minutes later than the clinic.

Congratulations to Lucille Dickerson for breaking the century mark. (96).

## Competition For CG Cup Now Lessened

Competition for the Commanding General's Trophy will be somewhat abbreviated for the first half of 1961 due to the scheduled training commitments.

Therefore, softball will not be held this year. Only basketball and the rifle-pistol competition shall be counted in determining the winner.

Units fielding teams in these sports are urged to put even greater emphasis on quality since a championship will possess much importance this year.

Brigade Special Services has announced that baseball will be held this year, however, along with football for the latter segment of the year's competition.

## Skeet Tournament Elimination Slated

Tomorrow the top 50 shooters will compete at the Kaneohe Skeet Range to determine the make-up of the two five-men teams scheduled to represent the Air Station in the K-Bay Skeet Tourney, Sunday, against Pearl Harbor and Camp Smith.

Over the past three weeks local skeet shooters have been holding qualifications at the Skeet Range in order to eliminate all but the top-flight shooters.

Each applicant had to qualify by shooting a round (a round consists of 25 "birds"). The best scores were gathered to determine the participants eligible for tomorrow's eliminations.

Sunday afternoon at 1 o'clock the tournament kicks off at the Kaneohe Range and all K-Bayites are cordially invited to attend.

## Athletic Equipment May Be Checked Out

Several types of athletic gear are available to personnel at the Brigade Special Services Office which may be checked out by the individual for varying lengths of time.

At the present the following gear is available:

1. Picnic Coolers.
2. Fishing Rods & Reels.
3. Tackle Boxes.
4. Shotguns.
5. Rifles, 306 & 22 Cal.
6. Surfboards.

Weapons may be checked out for a three day period. All other items are for a five day issue.

Other types of gear desired by individuals can be supplied by contacting their unit Special Services.

Brigade Special Services is located in Bldg. 258. Checkout storeroom phone 73108.

# 1961 Hawaii Marine Golf Tourney Set

This weekend at the K-Bay Klipper Course the 1961 Hawaii Marine Golf Tournament will be held to determine the winner or winners of several categories in the Hawaiian Area.

Each contestant will play a total of 36 holes, 18 holes to be played each day of the two-day affair.

Only players with established handicaps will be permitted to participate.

USGA rules will prevail except where modified by local Kaneohe Klipper rules.

This year's tourney will be a two-man best ball, medal play with half handicap-type event. Partners will take the best ball score from each hole to add for their total score.

Tee-off time will be at 8:30 a.m. each day using the popular shot-gun start. Contestants competing in the tournament will be expected to appear for their match at the time designated in the published schedule by the tournament director.

## Klipper Open Is Postponed

The Klipper Open, which had been scheduled for play at the Klipper Course, Feb. 17-19, has been indefinitely postponed.

Training excercises which will involve many of K-Bay's personnel was cited as one of the major factors forcing postponement.

Consideration was also given to the fact the proposed Klipper would compete with the All-Hawaiian tournament being staged at the Pali and Ali Wai courses on the same dates.

Application forms for the Klipper Open have been recalled. The few that have been received are being returned.

Station officials would not speculate when the Klipper might be rescheduled.

Throughout the game the lead changed hands several times with SepCo squeaking out a 64-63 victory over MAG-13. Action continues each night at the K-Bay Gym until Feb. 20 involving Brigade-Station Basketball. Get out and support your team.

## Red Cross Schedules Small Craft Classes

The Hawaii Red Cross Safety Services Committee has announced plans for a Small Craft Safety Course to be held at the Ala Wai Boathouse in Honolulu.

All individuals interested in small boating should consider taking advantage of this opportunity to further acquaint themselves with the safety aspects of boating.

In view of the existing demands for training and education in boat safety, and because of the

increasing number of boat owners in Hawaii, this first course will be for Boating Instructors who will be urged to carry on the Basic Boating Course within their respective areas.

Since the principles of safety self rescue, and rescue are the same among all types of small craft, this course will contribute to small craft safety in general.

All interested individuals should phone Red Cross Safety Services, Honolulu, 52571 for further information.

# 'Show Of Stars' On Stage Here Tonight At Base Theater No. 1

Another in the popular "Show Of Stars" series debuts tonight at 6:15 p.m. in Station Theater No. 1 and, from all advance billings, this is going to be the show to top.

According to Special Services officials the top talent in tonight's star-studded extravaganza include Bobby Rydell, Dodie Stevens, Chubby Checkers and the Uniques — the lat-

ter a popular local singing group.

Tickets for the show cost 90 cents each and are now on sale at the Theater Box Office.

Bobby Rydell, hailed as one of today's top tune-talented teenagers is the show "headliner." A veteran performer who started on the Paul Whiteman TV Teen Club at the age of 9, Bobby today is a handsome, athletic 18-

year-old who has appeared on virtually every important network TV show and is tagged as one of the fastest rising young pop singers in Tin Pan Alley.

The youthful artist recently appeared on Perry Como's Kraft Show and was chosen by TV veteran Red Skelton to take over his show during his illness.

Joining Rydell will be Dodie Stevens another young singing

star, who soared to world fame with her "Pink Shoe Laces"—a record which sold more than a million copies.

The brown-eyed pixie has been singing since she was old enough to talk and now is considered an "old pro" even though she is still in high school.

Rounding out the trio of top stars is the versatile Chubby Checkers — the man with the "twist." Chubby, as most K-Bayites will remember, also appeared with the last Show of Stars that appeared here some months back. By all standards, Chubby is one of the most dynamic and sensational acts ever to be presented here.

## Harris Nelson, Famed Comic-Musician, Named 'Oriental Holiday' Master Of Ceremonies

One of showdom's most versatile performers will be the master of ceremonies at the "Oriental Holiday" revue which plays Station Theater No. 1 Feb. 14. He is Harris Nelson who will provide the laughs through his antics with musical instruments.

Advance reports show that Nelson has entertained stage and TV audiences with his comical ability coupled with a talent to play a variety of musical instruments — "you name it, he'll play it"

Other headliners on the bill are as follows:

- Pearl of the Orient Dancers** — Five lovely Filipina girls who interpret authentic folk dances of the Philippines.
- Emperor Fu** — Chinese magician who baffles audiences with illusions from the Orient
- Toy & Wing** — International acro-dance team who have starred at Las Vegas's China Doll Revue and London's Palladium.
- Paul Walti** — San Francisco Opera Co. star who will sing selections from "Madame Butterfly," "Oklahoma," "South Pacific," and others.
- Estrellita** — Well-known lyrical soprano who will duet with Paul Walti.

Tickets are now on sale at the Theater No. 1 boxoffice and at Special Services. Admission is 90 cents for those 12 and older, and 75 cents for those under 12.

The one-night show is open to

the public and is being presented by the Hawaii Police Relief Association for its Policeman's Widows and Orphans Fund.

It is suggested that K-Bayites

buy their tickets in advance in order that they can be sure of seeing the "Oriental Holiday" revue. Remember, it's a one-night stand, Tuesday, Feb. 14.

## THEATER SCHEDULE

### TONIGHT

**Tarzan's Greatest Adventure**— Gordon Scott is the Ape Man. Anthony Quayle, a killer hated by Tarzan and feared by the natives, steals dynamite and heads up the river where the diamonds are hidden. Tarzan, in pursuit, takes along Sara Shane whose plane has crashed. The Ape Man battles the killer on a high cliff. Classed for adults and youth. Runs for 95 minutes.

**NOTE:** Because of the "Show of Stars" performance at Station Theater No. 1 at 6:15 p.m., the first movie has been cancelled.

### SATURDAY MATINEE

**Tarzan's Greatest Adventure**— See prior description.

### SATURDAY

**Stop, Look & Laugh** — This stars the Three Stooges in a slapstick comedy. This slapstick yarn is made up of bits and pieces of a dozen old Stooges two-reelers, tied together with a plot (?) carried by Paul Winchell and his dummies — Jerry Mahoney and Knucklehead Smiff. The buffoonery runs for 92 minutes. Bring the whole family for laughs.

### SUNDAY MATINEE

**Stop, Look & Laugh** — See Saturday description.

### SUNDAY

**Sunrise At Campobello** — Ralph Bellamy plays Franklin D. Roosevelt and Greer Garson his Eleanor. In 1921 at Campobello Island, FDR suddenly contracts infantile paralysis. The story deals with his fight to overcome his handicap and rise to great heights, aided and encouraged by his wife. Rated for adults and youths. Running time is 142 minutes.

### MONDAY

**Midnight Lace** — Doris Day,

Rex Harrison, Myrna Loy and others lead the star array in this chiller-thriller. Doris, an heiress married to Rex, begins receiving filth-laden phone calls which drive her to the verge of insanity. There is a hair-raising ending to the picture. The mystery is classed as very good for adults and youth. Running time is 108 minutes.

### TUESDAY

**Elmer Gantry**—Burt Lancaster, Jean Simmons, Shirley Jones, Patti Page and others brighten up this film based on Sinclair Lewis' best seller. Burt, a former theological student is leading a life of consummate sin which leads him to social and financial ups and downs. He unites with evangelist Jean Simmons and she sky-rockets to fame and fortune on the fire and brimstone trail. This is for adults. Running time is long, 146 minutes.

### WEDNESDAY

**The House of Usher** — Vincent Price heads up the cast in this horror epic originally penned by Edgar Allan Poe. Vince, a member of the Usher family, doesn't want his sister to marry. He believes all the Ushers are evil and wish the family to die off with he and his sister. Setting is 19th Century New England, with fire, corpse and the like. Listed for adults. Scars for 98 minutes.

### THURSDAY

**She-Gods of Shark Reef** — Don Durant, Lisa Montell and Carol Lindsay head the bill in this picture made in Hawaii. Don gets into trouble stealing guns on the docks and then escapes to a nearby island inhabited by lady pearl divers. This is rated for adults and runs for 91 minutes.
