1. Eligible hunters must be at least 13 years old **on the day of any hunt for which they are drawn** and possess valid Tennessee hunting licenses and permits as required by state law. Although there is not a young sportsman's hunt this year, minors (13 - 17 years old) may participate in any hunt as long as they are supervised by a nonhunting adult supervisor (21 years old, or older). **All deer harvested during any of these hunts count against the Tennessee state bag limits.** Therefore, anyone filling a unit A or state quota prior to a HSAAP hunt may not participate in the hunt even if they are drawn. **All hunters, regardless of age,** must have completed a hunter safety course in order to hunt on HSAAP and will be required to show proof of completion of that course upon check-in.

2. HSAAP will implement the "Earn a Buck" program again this year and hunters who are drawn for any of the above hunts will be required to harvest, and check-in, a **MATURE** doe before being allowed to harvest a buck on their hunt. Once a hunter has checked-in a mature doe, they will be issued a buck permit and will be allowed to hunt a buck during the remainder of their hunt. Any hunter who harvests a mature doe on any of the above hunts, and who fails to kill a buck during the remainder of that hunt, will automatically receive a special permit for a one-day buck hunt that will be held on Saturday, November 4 or Sunday, November 5 of this year. For those hunters who earn a buck permit, only bucks having at least 8 legal points may be harvested at HSAAP. **This year's hunts will be archery-only.** Legal equipment for these hunts will be bows and crossbows that meet the requirements for use during Tennessee's archery season.

3. During each hunt, HSAAP will implement safety requirements for COVID as required by current/existing guidance at the time of each hunt. Successful applicants will receive more information about COVID safety requirements when they are notified of their selection. Selected hunters will receive a blank background check form, with which, they will be required to submit/provide personal information to HSAAP Security Personnel by a required deadline. Security personnel will perform a federal background check on each hunter based on the information they provide. In addition, supervisors of all minors who are drawn for a hunt will also be required to submit their information for a background check investigation. Drawn hunters, or minors whose supervisors fail to provide the appropriate information to HSAAP Security personnel **by the required deadline,** or who have an issue with a background check, **will NOT be allowed to hunt and their permit will be invalidated.**

4. Applicants may apply individually or in a group of no more than three hunters. An individual may be included on only one application whether applying individually or in a group. Anyone submitting more than one application will be disqualified. When applying as a **group, all applicants must apply for the same hunt dates.** Disabled American Veterans (DAV) and Active Duty Military Personnel (AD) may apply using the same procedures above, **but must provide some form of written documentation verifying their status as AD or DAV with their application.** To receive DAV status, an applicant must provide proof of at least a 30% service-related disability. To maintain their status during the drawing, all DAV or AD applicants should apply individually or as a group with other DAV or AD personnel with similar status. If DAV or AD personnel apply as a group with individuals who lack DAV or AD status then they will forfeit their priority status. National Guard and Reserve not on full-time military duty will not have priority status. DAV and AD personnel are NOT guaranteed to be selected! Hunters will be chosen by random drawing. There is not a priority point system in place for the general drawing.
